product always up-to-date. In case you have any questions to Paragon Software Products please fill in the following support form: <https://www.paragon-software.com/webform>

Important Customer Information: Starting with Hard Disk Manager 15, the Recovery Media Builder for creating bootable recovery media is embedded into the product and no longer delivered as a separate component. To open the Recovery Media Builder, please select the Express Mode button in the main program window. The Express Launcher will start and you will find the Recovery Media Builder tile on the lower right, allowing you to start building recovery media.

Your purchase documents
